# IAI DIRECTORATE DELEGATION AT COP16

## **Anna Stewart Ibarra**

**Executive Director**

Anna supports member states in their efforts to achieve a full and open exchange of scientific information relevant to global change for a sustainable America.

## **Omar López Alfano**

**Science Director**

Omar leads the IAI's scientific program, developing transdisciplinary research initiatives, networks and alliances in the region.

## **Marcella Ohira**

**Deputy Executive Director**

Marcella is responsible for proposing strategies, programs and activities and developing partnerships to promote scientific diplomacy and capacity building at the science-policy interface on global change issues in the Americas.

## **Larisse Faroni-Perez**

**STeP Fellow**

Larisse is a fellow of the IAI's Science Technology Policy (STeP) program and supports the Directorate's science and policy agenda. She coordinates the IAI's Oceans, Islands and Coastal Areas Committee and supports the Belmont Forum Secretariat.

## **Liz Willetts**

**Associate Scientist of Science-Policy (IAI)**

Liz supports capacity building in global governance of climate change, biodiversity, and health.
