Hurricanes - Predictable Forces...Unpredictable Impact

# WHEN A HURRICANE HITS...

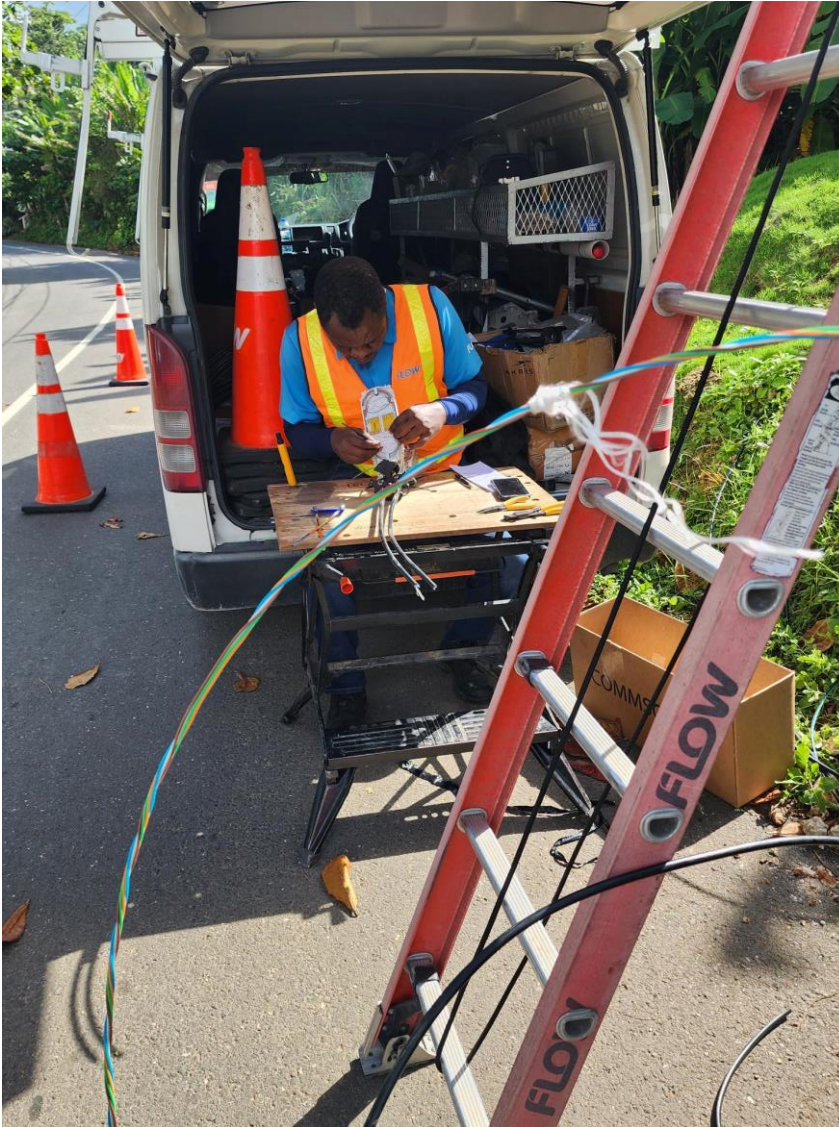

## STAYING CONNECTED IS ESSENTIAL!

# JAMAICA'S LARGEST REDUNDANT FIXED NETWORK

# HOW WE ARE HURRICANE-PROOFING OUR NETWORK

- Underground placement of six major distribution fibre optic cable segments since 2023.
- Underground placement of over 170 Km of fibre by the end of the year.
- Implementation of on-island logical redundancy between major hub sites.
- Installation of generators and solar systems at mobile sites to mitigate against power grid failure.

# A TEAM AS STRONG AS THE NETWORK IT SUPPORTS

- Detailed, Consistently Updated and Widely Circulated Business Continuity Plan
- Regional Expertise to ensure thorough BCP preparation
- Regional Talent Pool to Support Recovery Effort
